

## Riding like a gaucho

Spend time by riding a horse on old Gaucho trails thru the Argentinean pampas or just find your own trail.

Chill out on the "Estancia La-Quemada" (name of the ranch). Take a bath in the hot sun of Argentina and enjoy the roofed pool – only 5 running meters alongside the main building. Or just pass the time by reading the book you never had time before. Or enjoy a game of ping-pong, pool-billiard, football or table-football.

The Asado (barbecue) will complete your day with a selection of the best Argentinean Steaks and sausages. All specialist under you will be surprised with "Chinchulines, Morcilla and Molleja" to taste the Argentinean way of life.

Or just enjoy the hospitality of the custodian who speaks fluent English, Spanish and German by sitting on the bar with a cold beverage in your hand.
